

International retirement plans

Moore Stephens Isle of Man
Retirement Solutions

PRECISE. PROVEN. PERFORMANCE.

Moore Stephens Retirement Solutions

Moore Stephens Retirement Solutions Limited ("MSRS") is a specialist provider of international retirement solutions to multi-national entities, with internationally mobile employees, and where appropriate, local nationals. Unlike many other parties offering these services who act as agents for others, we at MSRS take on the administration responsibility ourselves which is something we believe marks us out from the crowd.

Located in the Isle of Man, our solutions are trust based and have been approved by the Isle of Man Insurance and Pension Authority ("IPA"). The following link provides detailed information about the IPA:

[www.gov.im/ipa/pension/
regulationspensioninternationalschemes.xml](http://www.gov.im/ipa/pension/regulationspensioninternationalschemes.xml)

Fundamental to our service offering is the desire to deliver 'transparent charging' and by adhering to this philosophy we provide an efficient and cost effective solution to the benefit of both employers and employees. We believe passionately that this is in harmony with the core philosophies held by other companies.

Further, having access to offshore investment funds managed by external global fund houses at 'wholesale rates' means that this benefit is passed on fully to plan members, so enhancing further the 'transparent charging' philosophy.

Conscious that members require access at a time convenient to them, we provide 24/7 access to their member account via our interactive website which is also available through an associated mobile site. In turn the web functionality is available to the plan sponsor and from which can be generated aggregate statements and demographic reports.

Our highly qualified and professional staff have many years experience working in this field and work on a day-to-day basis with Multi National Corporations from an array of industries. So whether you need to establish a new plan, or indeed review an existing arrangement we will be pleased to help and provide guidance.

Further information about our product range and services is available at our website www.msrs.im and if you would like to learn more about our international retirement planning solutions please contact us.
